# THE NEW 2014 ROBERTO GIOVANNINI FABRIC COLLECTION

Furniture designer Roberto Giovannini presents a new fabric collection aimed to blend classic furnishing styles with the creative sophistication of the world of fashion. The fabrics are manufactured by leading names from Italy and abroad and make up an elegant and refined collection, ideal for both living areas and bedrooms.

Subtle, silky and velvety tones meet with bright colours of detailed new materials which you cannot help but linger upon: it's the perfect combination of practicality and style.

Roberto Giovannini's empire began in Florence, Italy in 1958. This exclusive collection of hand carved furniture reproductions of antiques span from the passionate Italian Renaissance era, to the whimsical French Rocaille movement, to the brave Art Deco period.

Roberto Giovannini's collection is founded on his passion for beauty in form and balance, creating masterful pieces of art that transcend time.
